SIMKO

NORTH AMERICA

We close the gap
between North
America and The
World

OUR MISSION

Simko North America LLC provides transparent, efficient, and sustainable supply chain solutions for large and small rubber manufacturers. We deliver natural rubber, chemicals, yarns, fabrics and other raw materials from global suppliers to North American plants.

OUR BENEFITS

- Our transparent communication and pricing saves our customers time and money
- Just In Case inventories
- Give us any of your niche materials
- We are your international supply chain experts!

OUR FOCUS

Customers

Our business focus is on rubber and chemical users including:
tire companies,
anti-vibration devices,
tape manufactures,
liquid latex consumers... and more!

Logistics

We provide sustainable and innovative improvements to your supply chains.

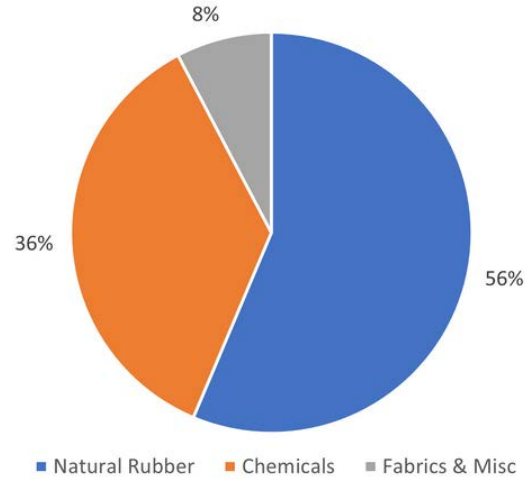

Environmental Responsibility

Our business relies on environmental sustainability. The partnerships we have with our producers and customers maintain the highest standards of communication and sustainability through the entire process from tree to final product.

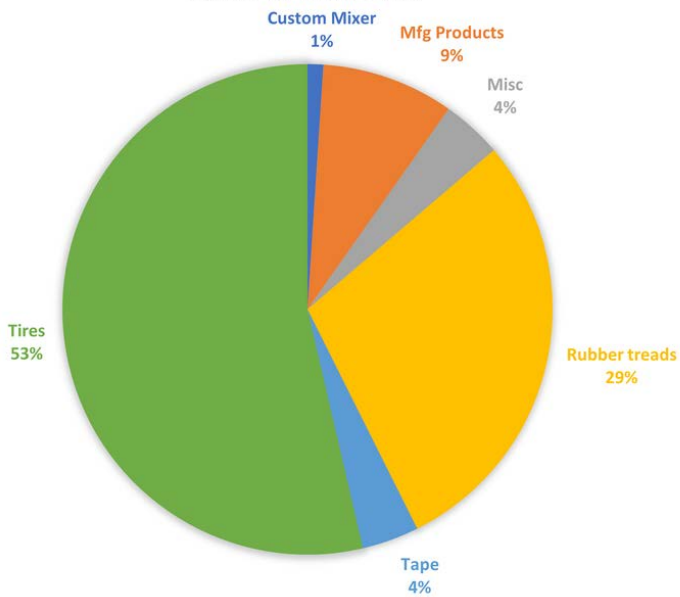

Your supply chain is in the hands of rubber and chemical industry professionals!
